Biography (All About Me) Poetry

If you're not sure how to write a biographical poem, don't panic! They follow a very simple formula that you can use to create one of your own.

Biographical poems are only TEN lines long, and each line requires a specific piece of information:

1. First name of the person
2. Three-four adjectives or descriptive words about the person
3. An important relationship for that person – 'sister of...', 'brother of...', 'wife of...'
4. Three things the person loves – 'lover of...', or 'who loves...'
5. One-three things the person has felt – 'who needs...', 'who wants...', 'who feels...'
6. One-three things the person fears – 'who fears...'
7. Three accomplishments or achievements
8. Two-three goals or ambitions – 'who hopes to see...', 'who wants to see...', 'who desires...'
9. Where they live – 'living in...', 'resident of...'
10. Last name of the person

****Feel free to create one about yourself as well and turn it into an AUTO-biographical poem****

Directions: Create one for somebody who is important to you or pick another student in the class to learn about them. Then create one about yourself.
